Far West Alpine Competition Committee

Meeting Date/Location ___Nov 6 2027___Proposal B

Far West U16 2027 Sean Nurse selection
Submitted by: _U16 -Lindsay Dowd_____
Seconded: _____

Original Version/Language:**NPS Regional head to Head Competition**
Sean Nurse NPS Qualifier – Snow King; December 20-23, 2025; 2 SL 2 GS
Selection boards of 2010's only 8m/8w: two-sided board will be created:
Left side- using the top two results from SL and GS 2025 WW Qualifiers, WCP will be re-assigned.
Right side – 2026 season points list #10 athletes will be selected the first time they appear on the boards in the discipline of Slalom and GS
A list of up 10m/10w will be listed, 8m/8w will be selected and 2m/2w will appear as alternates using the continuation of the selection boards. *the first 5m/5w selected will be marked as athletes that can earn WCP towards the NPS criteria. The remaining 3m/3w will be invited to race as a development opportunity.
Ties will be broken using the higher WCP result. If a tie still exists, the best race point result will be used from 2025 SL and GS wild west series.
Selection of 2m/2w YOB 2011: The first two Far West selections on the 2025 Regional Selection boards to Whistler Cup will be selected. An additional 1m/1w will be listed as alternates.
Foreign athletes are welcome to race but must qualify to NPS through foreign policy/their nation.

New Proposal:

2011 Athlete Selection Criteria

Quota: 5 men and 5 ladies (10 athletes total)

The 2011 athletes will be selected using a **double-sided selection board**.

Side One – Wild West Series Results

- Athletes will be ranked using their best 2 of 3 finishes in Slalom (SL) and Giant Slalom (GS) from the previous season's Wild West Series.
- Rankings will be based on World Cup Points (WCP).

Side Two – Current Points List

- Athletes will be ranked using the most current SL and GS points lists.

Selection Process

Athletes will be selected left to right using the double-sided board. Once an athlete is selected from either side, they will be skipped if they appear again. Selection will continue until the quota of 5 men and 5 ladies is filled. All 2010 and older, foreign athletes have been purged from WW results

2012 Athlete Selection Criteria

Quota: 5 men and 5 ladies (10 athletes total)

Athletes selected using SL and GS Points list (most current & valid) for 2012 athletes.
Moving left to right athletes will be selected the first time they appear.

Far West ACC

Comments:This updated selection process will allow the FW to align better with the updated WR selection criteria for this event.
Each year our FW athlete pool looks different and while it's not ideal, it seems that this criteria process should remain fluid to capture our best performing athletes or interested athletes.
